## ADDENDUM 1: ANNUAL COMPLIANCE STATEMENT TEMPLATE

This Addendum 1 covers compliance relating to your use of the DVS.

You are required to audit your use of the DVS and report to the Framework Administrator by submitting a compliance statement to the Framework Administrator which confirms that your technical, privacy and security safeguards are working effectively to protect the integrity of the DVS (or any deficiencies in relation to the same). You should refer to this Participation Agreement (and DVS Access Policy when submitting your compliance statement.

We note that Compliance Statements must, at a minimum:

- be signed off by your senior representative;
- confirm that, subject to matters disclosed in the Compliance Statement, your use of the DVS
  for the period covered by the Compliance Statement has been conducted in accordance with
  this Participation Agreement and the Access Policies;
- document any breaches of this Participation Agreement or the Access Policies; and
- provide details of recommendations that may be made to you in relation to your use of the DVS, which may include recommendations arising from assessments of the Office of the Australian Information Commissioner; review bodies of states or territories; or other audits or reviews.

All DVS Business Users are required to complete all sections of the compliance statement including when access to and use of the DVS is via an Approved Gateway Service Provider.

The compliance statement must be in the form of the template compliance statement set out below in this Addendum 1, as may be amended from time to time by the Framework Administrator. The Framework Administrator will provide no less than 30 days' prior notice of any change to the required form of template compliance statement.

	DVS Business User ID:
1	Privacy
	Privacy Training
	☐ We mandate privacy training on how to handle personal information to any staff who have access to Information Match Data.
	and
	☐ We have mechanisms in place to record and ensure staff who have access to Information Match Data have received training in the last 24 months
